

## Dhoni Migili

Wherever and whenever is our philosophy on this enchanting island. Your stay at Dhoni Migili is all about you. You will have a dedicated Maldivian butler- a Thakuru on call 24 hours a day throughout your entire stay at Dhoni Migili. Your Thakuru will take you to specially selected snorkeling spots, bring you the freshest local papaya or place flowers on your bed. Whatever you want or need, he is there to ensure that everything is taken care of right down to the smallest details. Prior to your arrival your Thakuru will seek information of any special indulgences you may want or need whilst visiting us- maybe a personalized dive lesson , assistance with creating the perfect moment for a proposal or even how you like your Martini – shaken or stirred.
