

Donveli Beach & Spa

Dhonveli Beach & Spa have brought five star magic to the old Tari Village that just a few years ago was a simple island with just 24 rooms and catering mostly for surfers worldwide. Even at those times Tari Village was their best kept secret for its world famous surf point known as "Pasta Point". The current developments by the new management "Yacht Tours Maldives" are underway to transform it as good as any resort in the very top bracket and the services quite easily among the best there will be.
